

ENUMERATOR

Summary

As an Enumerator at Apata Insights, you will play a key role in data collection through phone surveys, household surveys, and online surveys. Your work will contribute to generating insights that shape impactful decisions and interventions in different sectors. We value self-driven individuals who are passionate about research and fieldwork. Added language skills are a plus.

Who we are

Apata Insights is a business and development research firm that aims to bridge access to timely, quality, and innovative information. Our mission is to support strategic decision-making across businesses, governments, and development sectors, especially in Africa and the developing world. We provide high-quality research services by harnessing emerging technologies, innovative approaches, and rigorous methods to offer data-driven insights.

What we are looking for

We are looking for candidates with the following qualifications and skills:

- Education: A minimum of a bachelor's degree or diploma.
- Survey Experience: Proven experience conducting phone surveys, household surveys, and online surveys.
- Language Skills: Proficiency in multiple languages is an added advantage.
- Skills: Attention to detail, ability to follow protocols, and ensure accurate data recording.
- Self-driven: Ability to work independently in the field, meet deadlines, and handle challenges in data collection.
- Communication: Strong interpersonal skills, as you will interact with respondents from diverse backgrounds.

Apply now

To apply, please send your resume and cover letter to careers@apatainsights.com. We look forward to receiving your application and learning more about how you can contribute to our team.
